Dear Customer,

Using new technologies, we’ve developed a unique Symfonia AQUA ZERO flooring for you.

With our experience and innovative solutions, we’ve kept the best features of Aurum panels and added new properties that provide many more practical benefits. Prepared on a 12 mm water resistant board, with an extremely tight AQUA PEARL locking system, they guarantee spill resistance (even up to 24 hours according to the NALFA test).

Symfonia AQUA ZERO will also easily deal with our homestay pets, who are not yet taught to do their business outside. In addition, the tightness of the new floor will be perfect for a home kitchen, especially when exposed to splashes. Finally, the Symfonia floor can be wet cleaned, also with a steam mop, without fear of damaging the panels. The floor is suitable for large open areas (even 12x12 linear meters).

We are delighted to present an innovative product that is convenient, makes everyday life easier, and is a direct response to our individual needs.

Splashed something on it?
Don't worry.

The AQUA ZERO floor is ideal for a kitchen where there is a lot going on. It’s **splash-proof** so, wet cleaning and unexpected accidents are not a problem for our floor.

Spilled water under the plant pots?
No worries.

For a lot of people, a home without flowers is not a home. For some, the home garden is a getaway from everyday life, a moment of relaxation and respite. **Quick and easy cleaning** of splashes or sprinkled soil on the AQUA ZERO floor **saves time and is really convenient**. You can focus on your passions and your pleasure.
A pet in the apartment?

Every pet owner knows what constantly dirty and splashed floors are like. Pet footprints or splashing water while drinking is a common occurrence. Taking care of cleanliness becomes more of a pleasure with the AQUA ZERO floor. Its resistance to dirt and splashes gives a sense of real comfort, and the results of cleaning will last for a long time.

Family games and activities - it's easier than you think!

Creative family games at home are a real pleasure with the AQUA ZERO floor. Painting, drawing or making stamps? No worries, this floor will easily deal with it and still remain aesthetic for years.
